

HUSKERTECH

PORTS IN YOUR ROOM

For Wired Internet connections

Harper, Schramm, and Smith

The top gray data port will be activated.
The bottom gray data port can be activated on request.

Abel-Sandoz

The top gray data port will be activated.
Additionally, in every third room, there will be a NEW mini wireless AP already connected in the top Jack. These new AP's have four hardwired ports on them - All of which are hot and ready to be used by the students.
The bottom gray data port can be activated on request.

Village North, Village South, and Courtyards

The "Living Room" gray data port will be activated. Any gray data port in the "A, B, C or D bedrooms" can be activated on request.

GREY PORTS ARE ETHERNET PORTS

TO REQUEST A PORT ACTIVATION

Call or stop by the ResNet office in Sandoz, 402-472-3535.

Or log into your MyRed Account

Go to the Housing Tab and enter the FixIt page,

Choose Network Issues and click the Port Activation Link.

Fill in the information and submit the form.

Need a cable?

Pick one up at your Front Desk or the ResNet Office
